

TIMBER BI-FOLD DOORS

Timber Bi-folding door systems are the perfect way to open your living areas to your outdoor entertaining area. A Timber Bi-fold system will add style and sophistication to your home, unlike any other door frame. Aluminium Frames can be cold and unwelcoming, however a Timber Bi-fold frame will add warmth and colour to your living and entertaining areas.

Timber Types:

- Dark Red Meranti (Standard)
- Other Options
 - Jarrah
 - Cedar
 - Tasmanian Oak
 - Other Requested

All Timber Bi-fold Systems are custom made to suit any opening. Systems can range from small 2 door systems, to the larger sizes of 6 or more doors. Only the best hardware used so your Bi-fold system will be durable and functional, as well as modern and aesthetically pleasing. By choosing to use of stainless steel hardware your Bi-fold system will continue to look new for years after installation.

To protect against insects, include a Brio pleated flyscreen.

These Timber Bi-fold Systems are manufactured in Perth Metropolitan area, then delivered in a simple format for you or your local carpenter to assemble and install.

No job is too big or too small.
